MISSION

CONSERVE RANGLANDS. PRESERVE RANCHING.

25 YEARS OF SERVICE IN THE GUNNISON VALLEY

In the beginning, creating a nonprofit to assist landowners with conservation easements was an idea to help keep ranching families ranching. Twenty-five years later, the cumulative results of our conservation efforts provide a solid foundation for our community's commitment to economic diversity and natural resource protection. Over the years, the conversation has grown to include the public benefits of ranchlands for wildlife habitat, groundwater recharge, and carbon sequestration, in addition to feeding a growing population and maintaining scenic landscapes. Land connects us all and plays a vital part in each of our lives.

We have much to be grateful for after 25 years of helping landowners as their conservation advocate. We thank Dan Pike, Bill Trampe and Susan Lohr for 25 years of continued commitment to GRCL since its inception. We thank the families who have committed their lands to a brighter future for our community and our world. We also thank you, as supporters, for helping us carry out more than 50,000 acres of conservation with more than 80 families. Together, we are protecting invaluable resources for generations to come.

- Stacy McPhail
Executive Director

GRCL is a 501(c)(3) nonprofit and relies on donations to provide conservation services to landowners wishing to conserve their land. Donations are tax-deductible and greatly appreciated.
Every gift goes directly to conservation projects.
